

## STUDENT MANAGEMENT

### Student Data Tracking Web Application

Student Management, created by InfoCentroid Software Solutions is an online student data tracking application, empowers all faculty members to not only keep track of each student's progress, but also take immediate action to course-correct or provide assistance as needed. It manages the entire campus operations administration. It provides an interactive platform for all faculty members like training co-ordinators, trainers, counselor, accountant and placement officer in a personalized way.

#### Application Highlights:

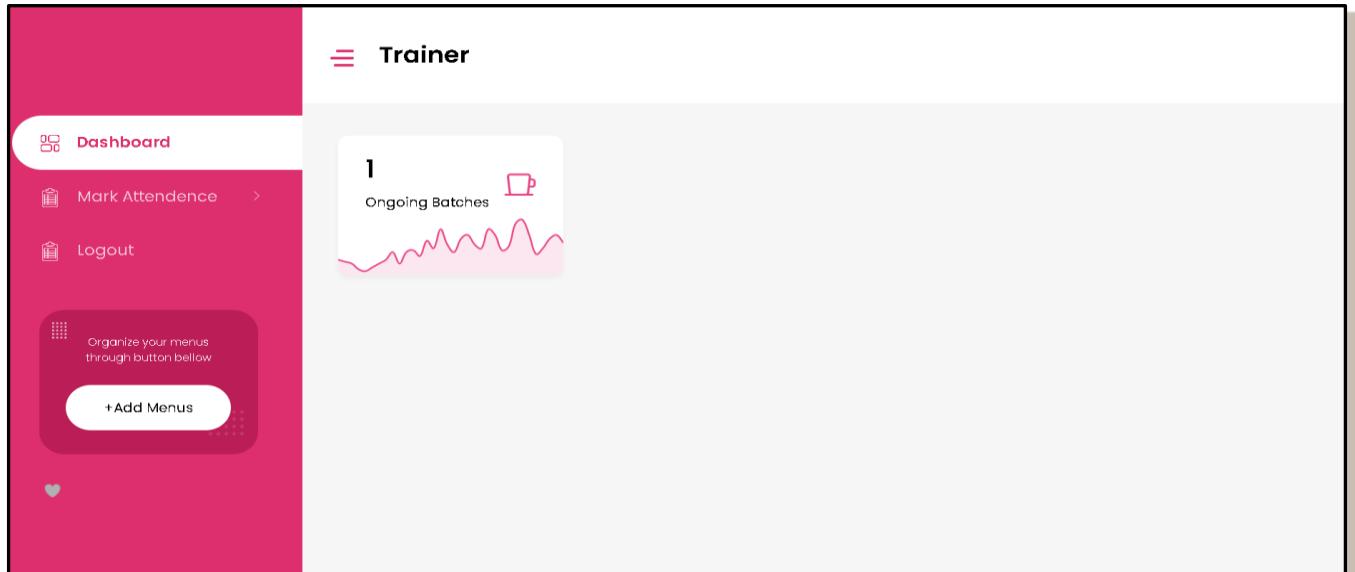

- Multiple campus management through single application.
- Integrated solution to manage academic, administrative and business processes.
- Convenience
- Instant access to the information required.
- Complete automation of all operations.
- User-friendly interface.

Student management make faculty jobs more accessible by giving them an easy place to find and sort information.

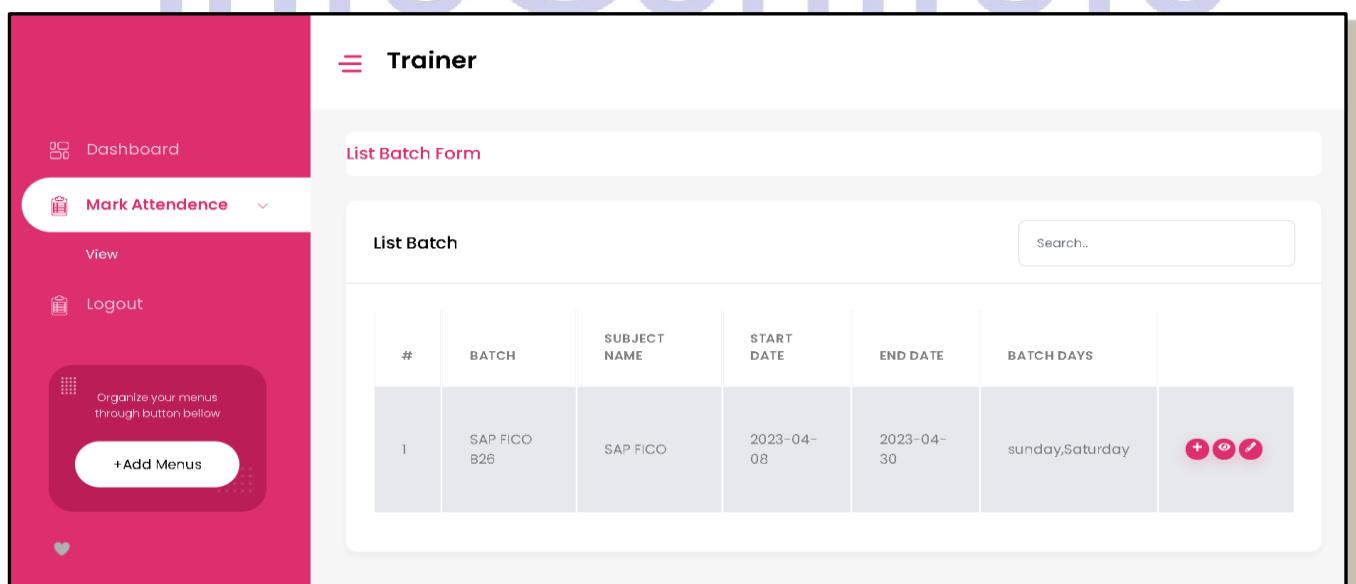

## Trainer Dashboard

- ❖ **Dashboard** - The Trainer dashboard will show the number of batches here.

The screenshot shows the 'Trainer' dashboard interface. On the left sidebar, there are links for 'Dashboard', 'Mark Attendance', and 'Logout'. A button labeled '+Add Menus' is also present. The main area displays a summary card with the text '1 Ongoing Batches' and a small line graph icon.

- ❖ **Mark Attendance Page** - Batch details will be visible here. Trainer can view and edit the attendance of students here.

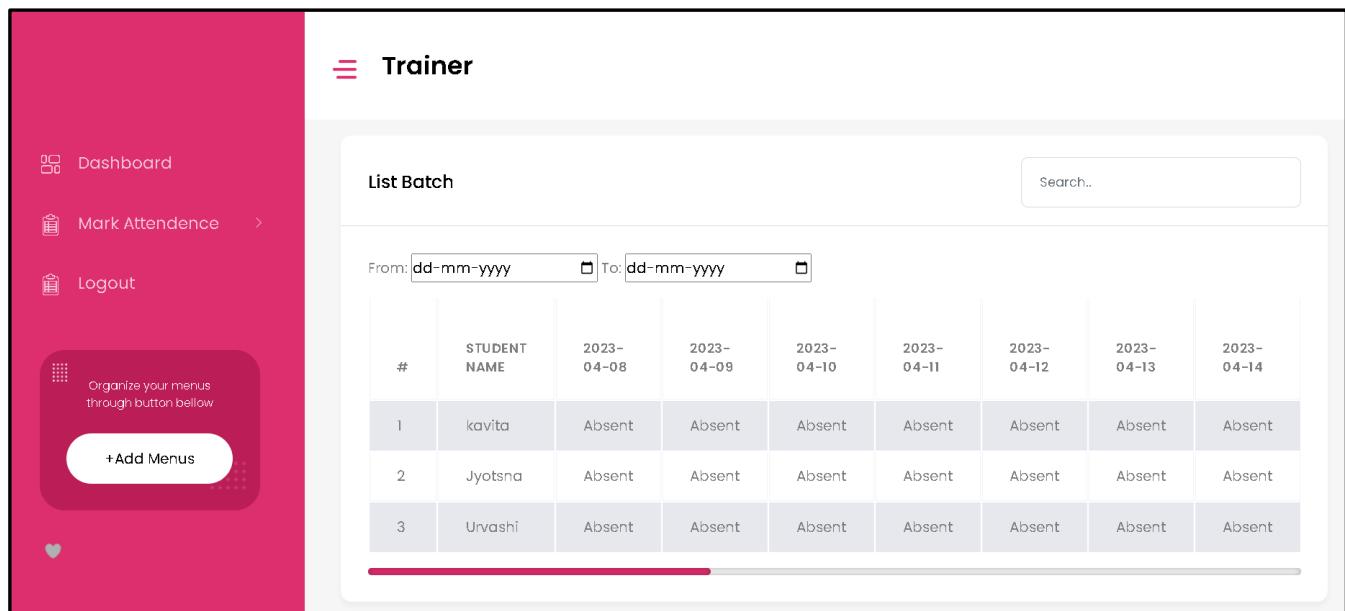

The screenshot shows the 'Mark Attendance' page under the 'Trainer' section. The sidebar includes 'Dashboard', 'Mark Attendance' (which is currently selected), and 'Logout'. The main content area has a 'List Batch Form' header and a 'List Batch' table. The table contains one row of data:

#	BATCH	SUBJECT NAME	START DATE	END DATE	BATCH DAYS
1	SAP FICO B26	SAP FICO	2023-04-08	2023-04-30	sunday,Saturday

At the bottom right of the table, there are three icons: a plus sign, a circular arrow, and a pencil.

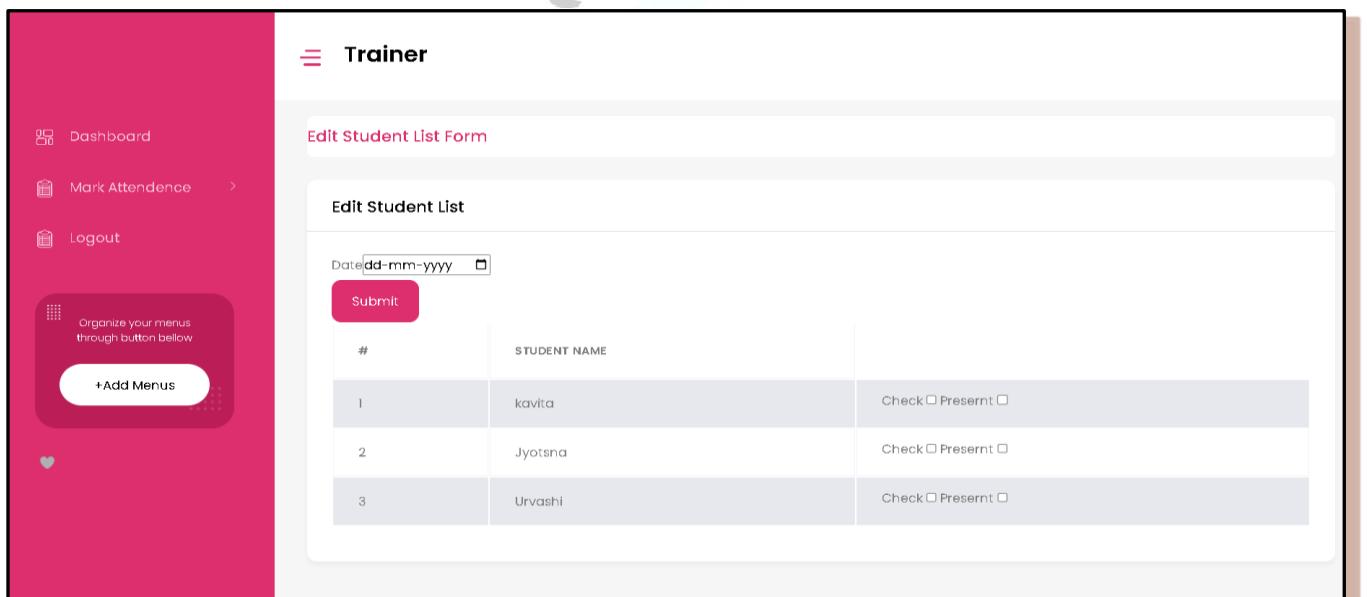

## 1. Trainer can view the attendance details here.

The screenshot shows the 'Trainer' section of the application. On the left, there is a sidebar with navigation links: 'Dashboard', 'Mark Attendance >', and 'Logout'. A red callout box contains the text 'Organize your menus through button below' and a 'Add Menus' button. The main content area is titled 'List Batch' and includes a search bar labeled 'Search..'. Below the search bar are two date input fields: 'From: dd-mm-yyyy' and 'To: dd-mm-yyyy'. A table displays student attendance data from April 8 to April 14, 2023. The columns are labeled '#', 'STUDENT NAME', and dates from '2023-04-08' to '2023-04-14'. The data shows three students: kavita, Jyotsna, and Urvashi, all marked as 'Absent' for every date.

#	STUDENT NAME	2023-04-08	2023-04-09	2023-04-10	2023-04-11	2023-04-12	2023-04-13	2023-04-14
1	kavita	Absent						
2	Jyotsna	Absent						
3	Urvashi	Absent						

## 2. Trainer can edit the attendance datewise here.

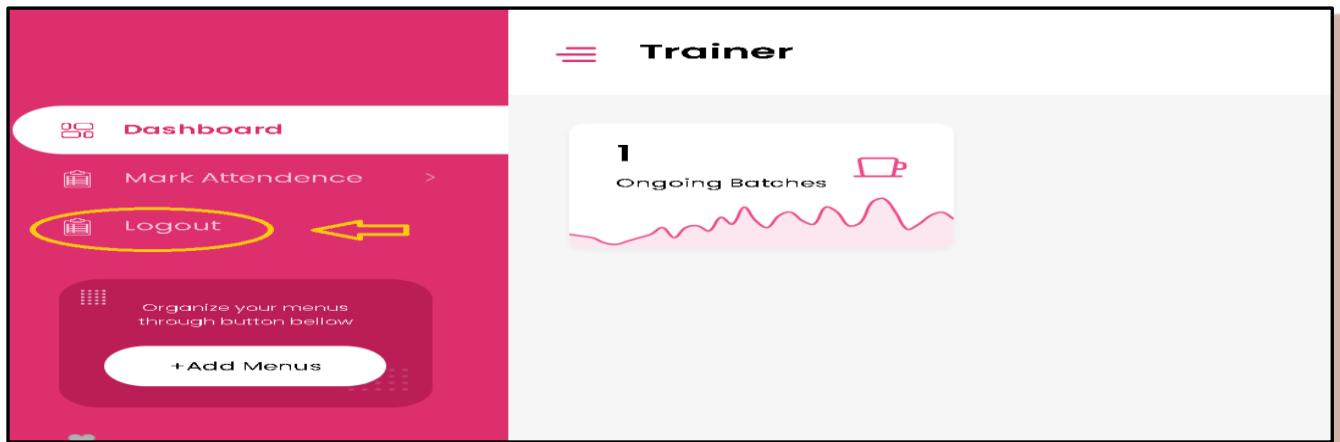

The screenshot shows the 'Trainer' section of the application. The sidebar and red callout box are identical to the previous screenshot. The main content area is titled 'Edit Student List Form' and contains a sub-section titled 'Edit Student List'. It features a date input field 'Date dd-mm-yyyy' and a 'Submit' button. Below these are three rows of student data, each with a 'Check' checkbox and a 'Present' checkbox. The columns are labeled '#', 'STUDENT NAME', and 'Check Present'. The data corresponds to the same three students and dates as the first screenshot.

#	STUDENT NAME	Check Present
1	kavita	<input type="checkbox"/>
2	Jyotsna	<input type="checkbox"/>
3	Urvashi	<input type="checkbox"/>

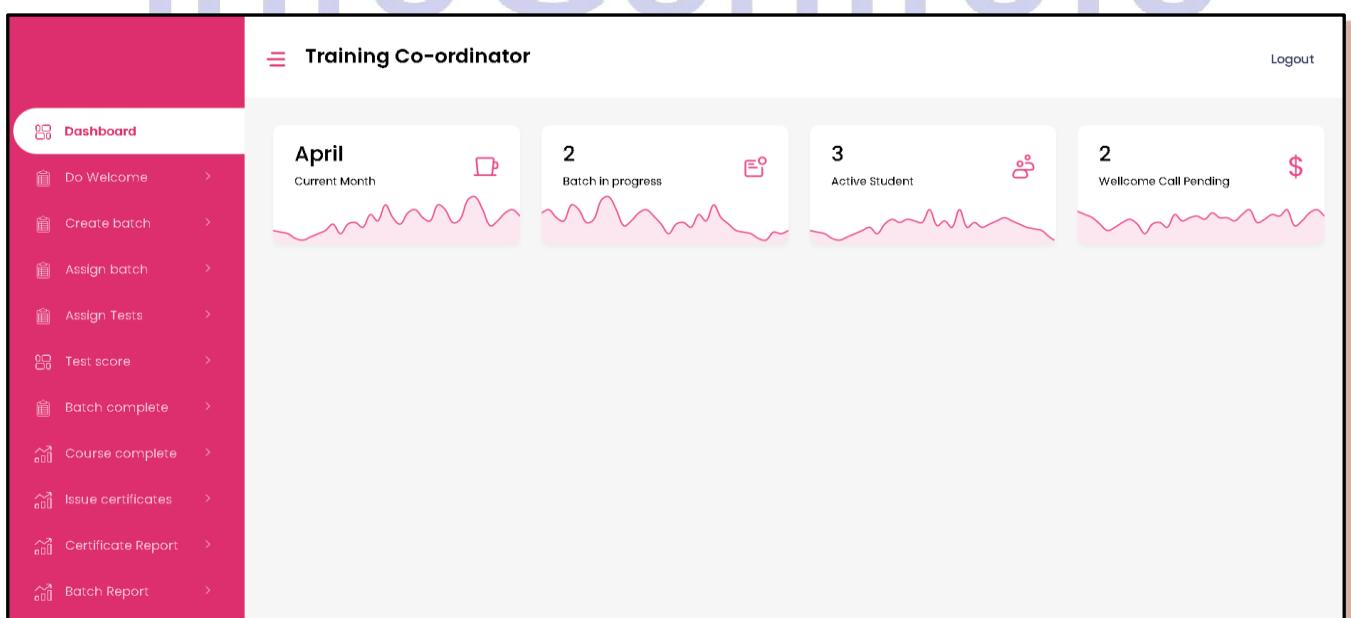

- ❖ **Logout** - Trainer can Logout from here.

The screenshot shows the Trainer dashboard interface. On the left, there's a sidebar with a 'Logout' button highlighted by a yellow oval and an arrow pointing to it. The main area has a title 'Trainer' with three horizontal lines. Below it is a card with the number '1' and the text 'Ongoing Batches' next to a pink coffee cup icon. A wavy line graph is also present.

## Training Co-ordinator Dashboard

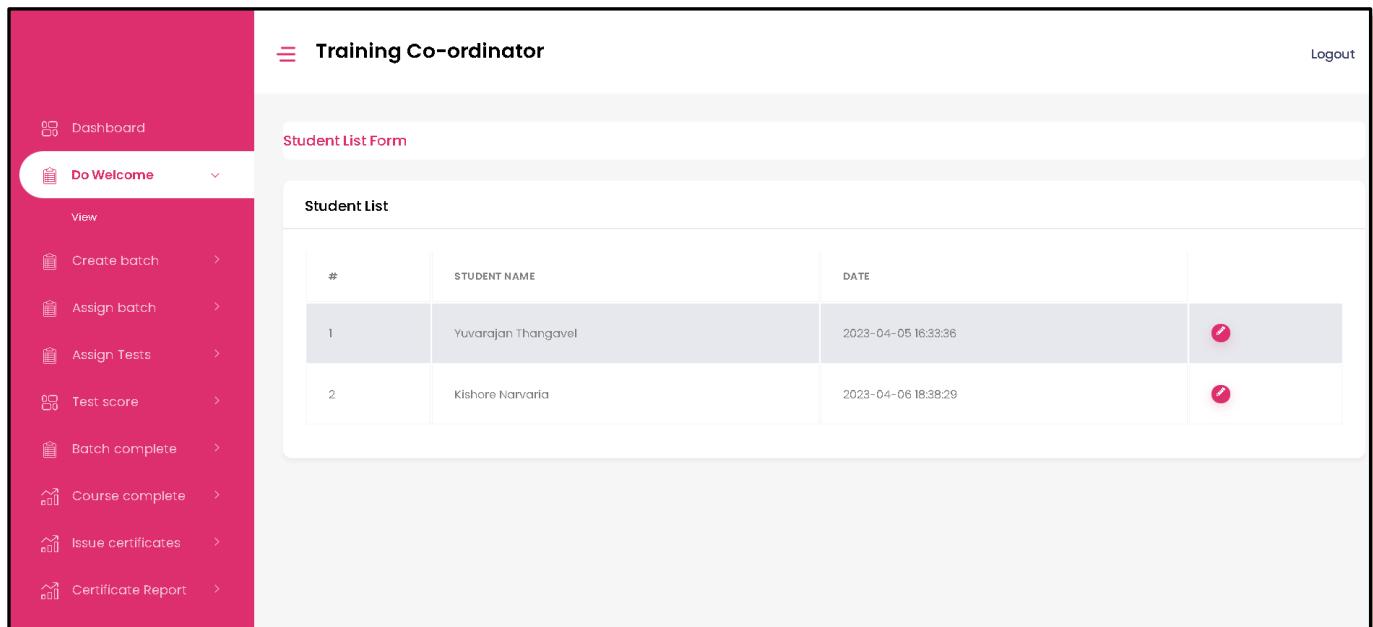

- ❖ **Dashboard** - The Training Co-ordinator dashboard will show the number of batches, number of active students and number of welcome calls pending.

The screenshot shows the Training Co-ordinator dashboard. On the left, there's a sidebar with a 'Logout' link at the top. Below it are several menu items: 'Do Welcome', 'Create batch', 'Assign batch', 'Assign Tests', 'Test score', 'Batch complete', 'Course complete', 'Issue certificates', 'Certificate Report', and 'Batch Report'. The main area has a title 'Training Co-ordinator' with three horizontal lines. It displays four cards: 'April Current Month' (pink coffee cup icon), '2 Batch in progress' (pink square icon), '3 Active Student' (pink person icon), and '2 Welcome Call Pending' (pink dollar sign icon). Each card features a wavy line graph.
